

CT 02 B Section

Same as Section A
questions, just method
error, go scenario
different.

② Test

```
public void testaddToPlaylist-nopban() {
```

```
    User user = new User("Mr.", 1);
```

```
    SongTrack a = new SongTrack("a", "b", 100);
```

```
    SongTrack b = new SongTrack("c", "d", 50);
```

```
    SongTrack c = new SongTrack("e", "f", 75);
```

```
    SongTrack d = new SongTrack("g", "h", 25);
```

```
    user.addToPlaylist(a).AssertTrue(user.InSongPlaylist(a));
```

```
    user.addToPlaylist(b).AssertTrue(user.InSongPlaylist(b));
```

```
    user.addToPlaylist(c).AssertTrue(user.InSongPlaylist(c));
```

```
    user.addToPlaylist(d).AssertTrue(user.InSongPlaylist(d));
```

③ After adding d an exception,

Exception = `Assert.Throws(PrivilegeNotGivenException, class)`

```
() -> { user.addToPlaylist(d); }
```

```
Assert.Equal(ex.getMessage(), "You can't add more than  
three songs.");
```
